

immediately. May I extend my congratulations to you for the excellent proclamation. Frankly, I think you should send a copy to the ANA and it should be reprinted for everyone's information. I can't imagine a more informative or inspiring dedication to NCW.

Dear Mr. Rochette —

Following up on Mr. Martin's suggestion (above), I enclose a copy of the NCW proclamation I wrote for our College. It may be of interest to you — and possibly to the CUBS BULLETIN.

Thank you for finding and sending my 1970 NCW report — which reached me yesterday. It will help me in assembling my 1971 report.
